2018 Principles of Burn and Wound Care

Burn and wound care is an infrequent and stressful occurrence in medical care. Immediate treatment and care can greatly impact patient outcomes. This conference is designed to update health care professionals on best practices related to the care of burn and wound patients.

**Friday, September 21, 2018**
7:30 a.m.–4:45 p.m.

Innovation Campus
2021 Transformation Dr.
Lincoln, NE 68508

- $75 CHI Health Employees
- $90 Non-CHI Health Employees
- $60 Fellows, Residents and Full-Time Students

7.5 CE hours

Register at healthsciences.creighton.edu/2018BurnandWoundConference

**PURPOSE**
Attendees of this conference will develop an understanding of basic principles related to advanced burn and wound care leading them to an increased competence for caring for these patient populations.

**ACCREDITATION STATEMENT**
In support of improving patient care, this activity has been planned and implemented by Creighton University Health Sciences Continuing Education and CHI Health. Creighton University Health Sciences Continuing Education (HSCE) is jointly accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing education for the health care team.
2018 Principles of Burn and Wound Care
Friday, September 21, 2018

Register at healthsciences.creighton.edu/2018BurnandWoundConference

OBJECTIVES

- Identify and differentiate characteristics of arterial and venous wounds.
- Recognize characteristics of diabetic lower extremity ulcers.
- Identify and differentiate types of grafts utilized on burns and wounds.
- Recognize appropriate care for post of donor sites and grafting.
- Identify potential sources for support for the underserved population.

- Identify and compare wounds from autoimmune disease versus other wound etiologies.
- Discuss and recognize concepts of off loading and prosthetics that affect wound care.
- Recognize and distinguish types of ostomies and concepts related to appropriate care.
- Examine and discuss common concerns regarding basic burn and wound care.

SCHEDULE

7:30 a.m.
Registration, Continental Breakfast and Visit Exhibits

8 a.m.
Welcome and Program Overview
Christi Chaves, MA, RN, FACHE

8:05 a.m.
Principles of Arterial/Venous Wounds
Matthew Goettsch, MD

9 a.m.
Principles of Diabetic Wounds
Keith Hughes, MD

10 a.m.
Break and Visit Exhibits

10:30 a.m.
Principles of Grafting
Edmundo Rivera, MD

11:15 a.m.
Principles of Donor Site Care and Post-op Graft Care
Esther A. Rathjen, RN, MSN, APRN-CCNS

12 p.m.
Lunch and Visit Exhibits

12:15 p.m.
Lunch Keynote: Place Matters: How Where We Live, Learn, Work and Play Affects Our Health
Lori Seibel

1 p.m.
Autoimmune Diseases and Wound Healing
Paul Gobbo, MD

2 p.m.
Break and Visit Exhibits

2:30 p.m.
Principles of Prosthetics
Jason Dean, CPO

3:15 p.m.
Principles of Ostomy Placement and Care
Deb Bussey, RN, BSN, CWOCN
Rhonda Soucek, RN, BSN, CWON

4:15 p.m.
The What If's of Burn and Wound Care Q&A
Wendy Bartholomai, RN, BSN

4:45 p.m.
Evaluation and Adjournment
